

## **Truth to Self: Writing While Disabled**

At United Cerebral Palsy Golden Gate

Truth to Self: Writing While Disabled is a workshop meant to nurture the poetic voice of people with disabilities. The poetry we will produce as individuals will be centered on giving space to a part of our identities that is ignored or misrepresented. We will aim to reclaim and celebrate our bodies, minds, experiences and identities through reading and writing poetry.

This workshop advocates universal access.

For accessibility needs and other questions, please contact instructor Cheyanne Young at [cyoung@mills.edu](mailto:cyoung@mills.edu)
